# **PROBLEM STATEMENT**

Introduction and advertisement are very important for any ngo therefore, the proposed solution is having a portfolio website that will help a ngo a lot because the website will contain information about the donations and the updates when and where people can give funds.

# SCOPE

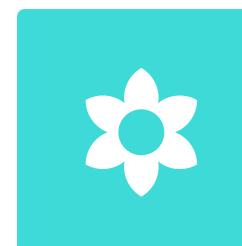

NGOs are connected with government or private sector firms. They deal with some social issues like women empowerment, girl child, gender issues, education, street children, slum dwellers, health, urban development, human rights, concerns of less privileged etc. NGOs bring up people's concerns and issues to the government and policy makers non-profit making, voluntary, service-oriented/development oriented organization, either for the benefit of members or of other members of the population.

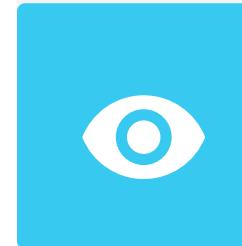

# FUNCTIONAL REQUIREMENTS

A website that will have information about the NGO and allow communication between volunteer and coordinator.

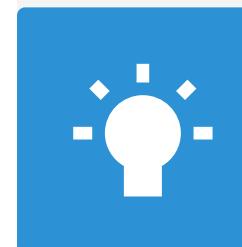

# NON FUNCTIONAL REQUIREMENTS

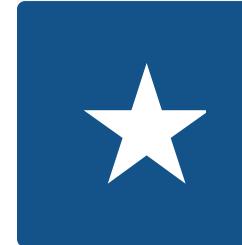

*RELIABILITY*

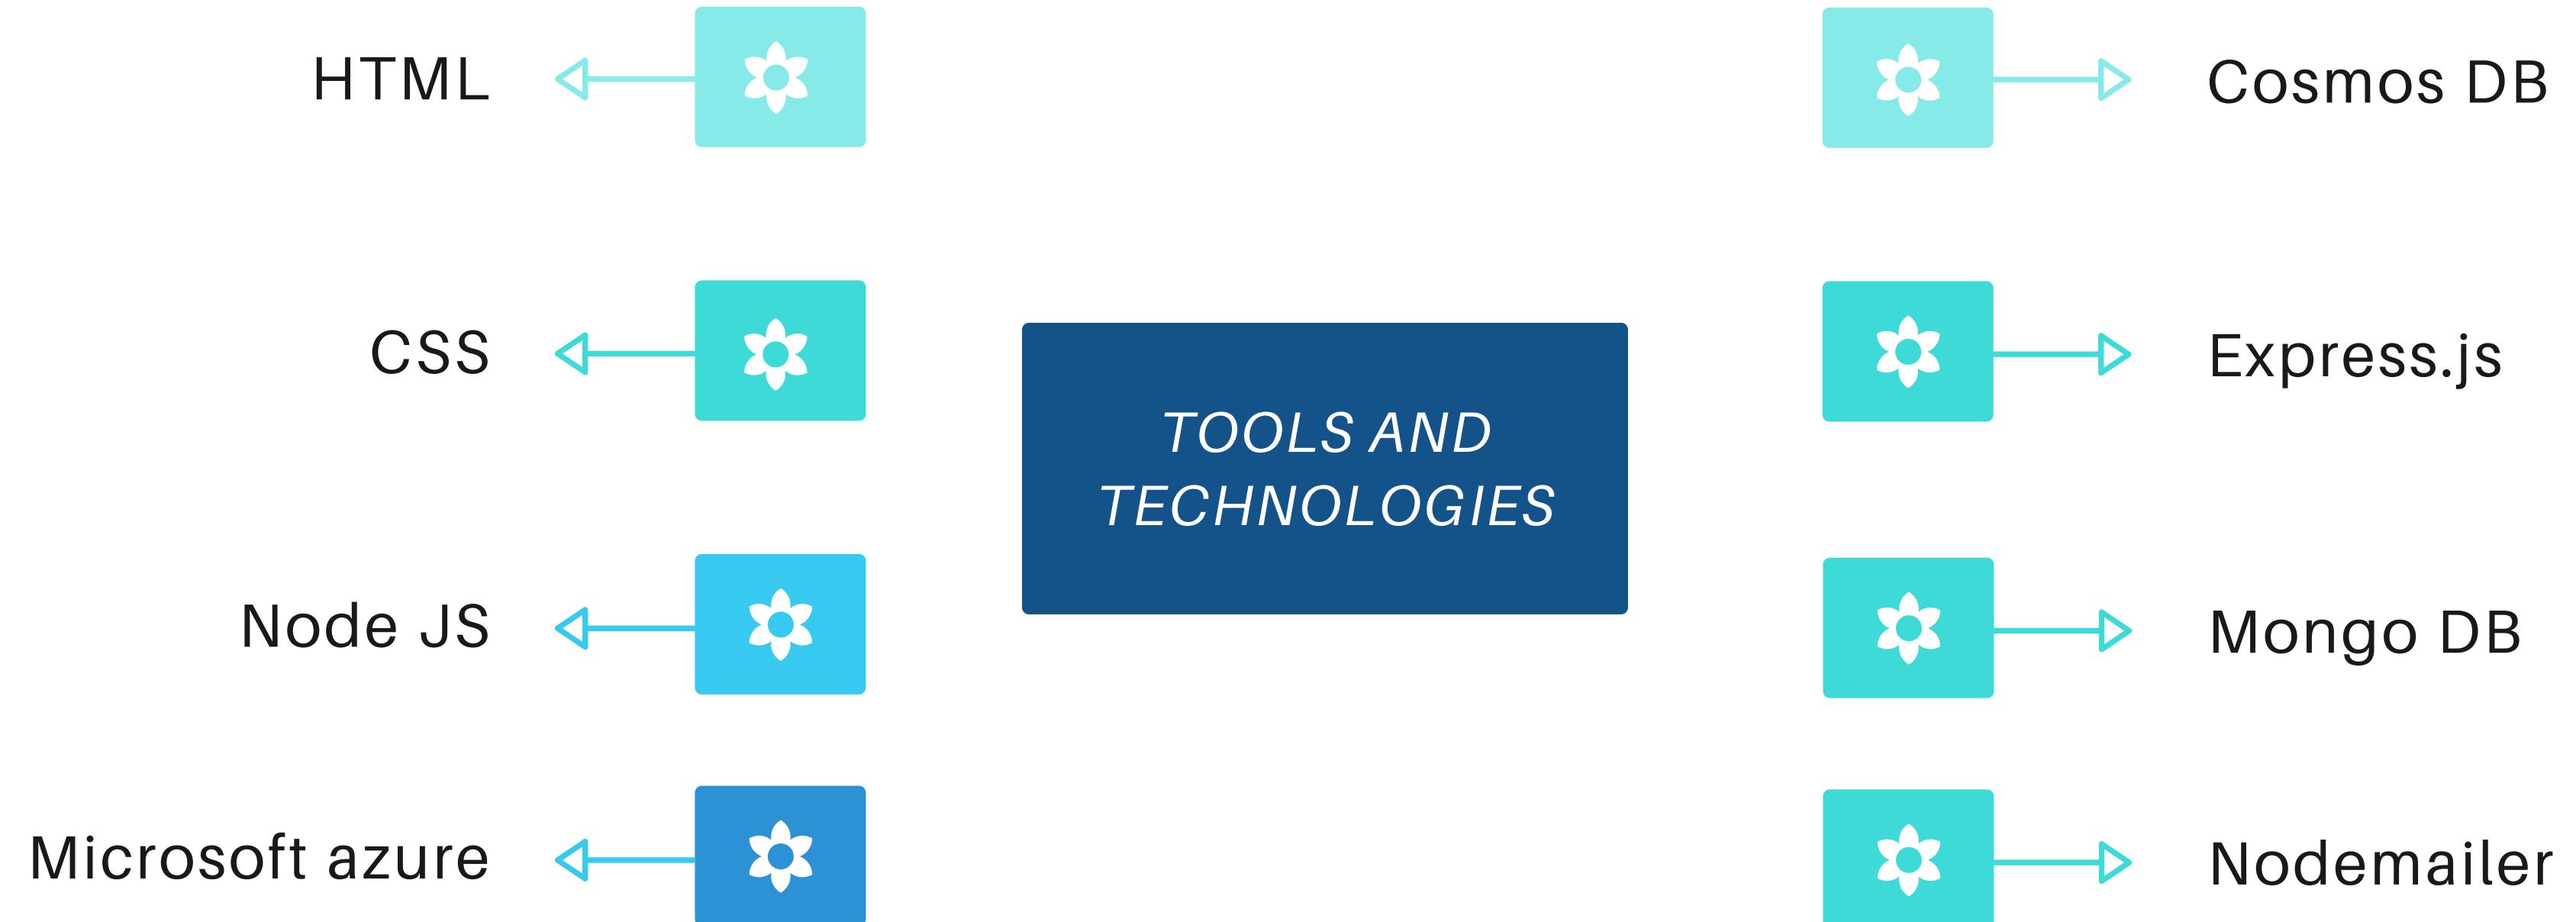

*SECURITY AND EFFICIENCY*

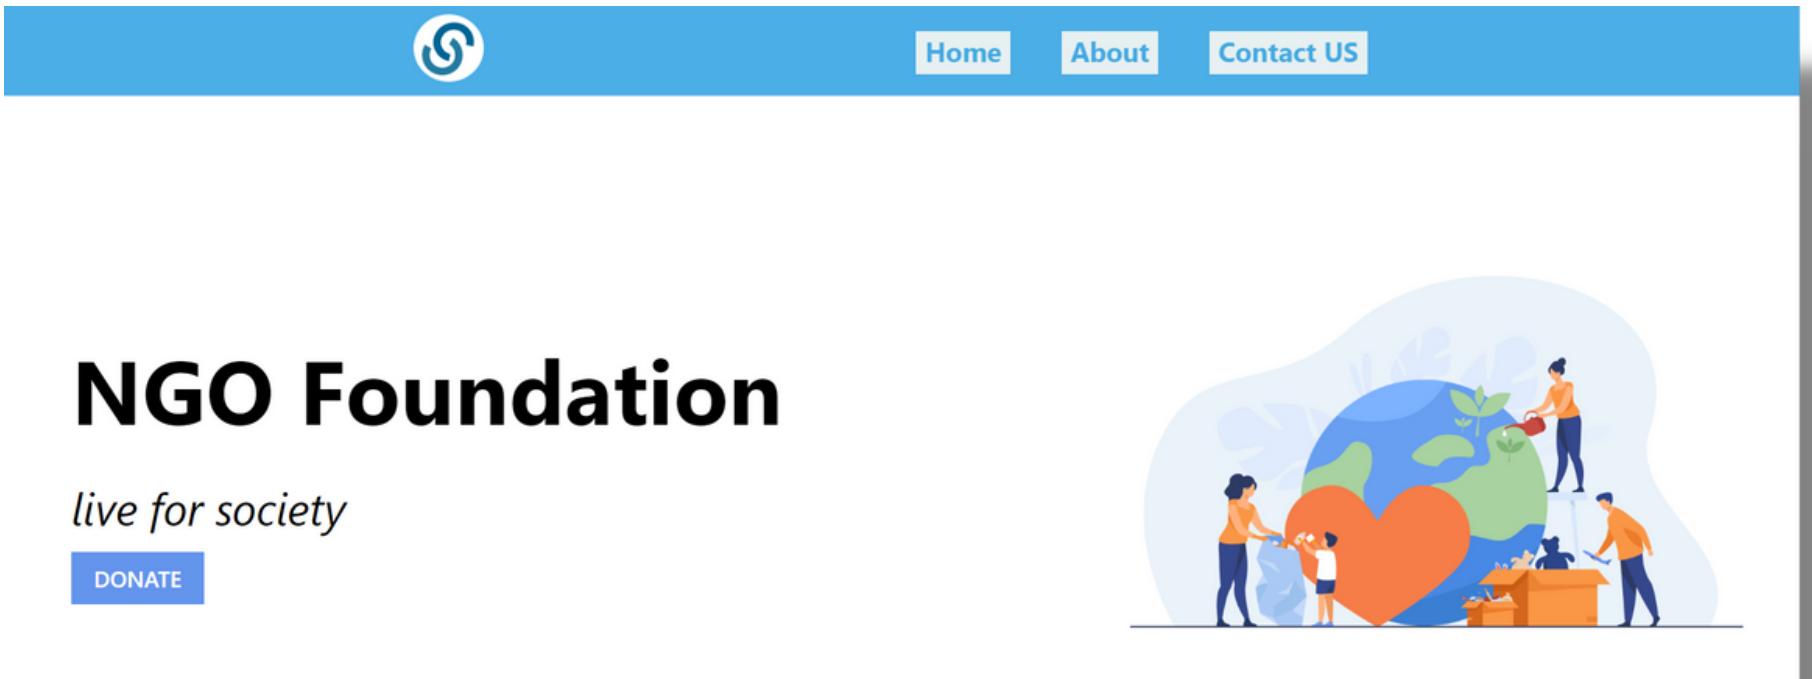

*GOOD DESIGN*

*EASY TO NAVIGATE*

The screenshot shows the homepage of the NGO Foundation. At the top is a blue header bar with a circular logo on the left and three navigation links: "Home", "About", and "Contact US". Below the header is a large black title "NGO Foundation". Underneath it is a tagline "live for society" in a smaller font. To the right of the tagline is a blue button labeled "DONATE". In the center of the page is a large, stylized graphic of the Earth with a heart shape overlaid, surrounded by small figures of people engaged in various activities like planting trees and carrying boxes.

## Support

We take up and execute projects to promote welfare of the community they work with. They work to address various concerns and issues prevailing within the society. We are not-for-profit bodies which means they do not have any commercial interest. We are run on donations made by individuals, corporate and institutions.

We offer the best medical treatments and take proper care of the elderly persons which leads the elderly people to have a peaceful living. The people working in the NGOs take a good care of the elderly people and provide them comfort and happiness which is much needed by the elders.

To improve standards of society, We have developed to emphasize societal issues and for the sustainable development of society. The main motive of the NGO is to help the poor people and to develop the proper understanding and loopholes of the social, political and economic factors affecting the life of people.
